Parents, put on a finger puppet show with your child! Cut off the tips of a rubber glove and draw simple faces with markers to make finger puppets. Put a few on your child's hand, and do the same. Try beginning with these scene starters:

- Hi. I'm **NEW** here.
- How are you **FEELING** today?
- I have a **QUESTION**.
- Do you want to hear an **INTERESTING IDEA**?
- WHERE am I?
- Will you SHOW me around?
- LISTEN to what happened to me today.

...And Keep Talking!
